LUCARIS UNVEILS DESIRE COLLECTION

*Taking wine-drinking to pleasurable
new heights* **BY ADUL WAENGMOL**

'GOOD WINE MUST BE SERVED IN A good glass." This saying will always stand the test of time, for it is the quality of the crystal glass that determines the sensuality and seduction of wine. With this purpose in mind, Lucaris, in collaboration with the Hong Kong Sommelier Association, has developed the "Desire" collection. The leading-edge qualities of Desire are fused into a single composition that elevates the sophistication of the art of vinification.

Behind the success of this project is Kirati Assakul, Managing Director of Ocean Glass PCL, who is an ardent wine-lover. He was passionate in the development of the Desire Collection, which features Aerlumer, the bottom curl lines at the bowl that make for an unprecedented experience. Together with Neilson Chow, Hong Kong's first professional sommelier and president of the Hong Kong Sommelier Association, Kiarti hosted the debut of Lucaris' Desire at Kitchen & Bar, Dusit Thani Bangkok, for wine-lovers in Thailand to enter a new dimension in wine appreciation.
